Garden Shower
Parts

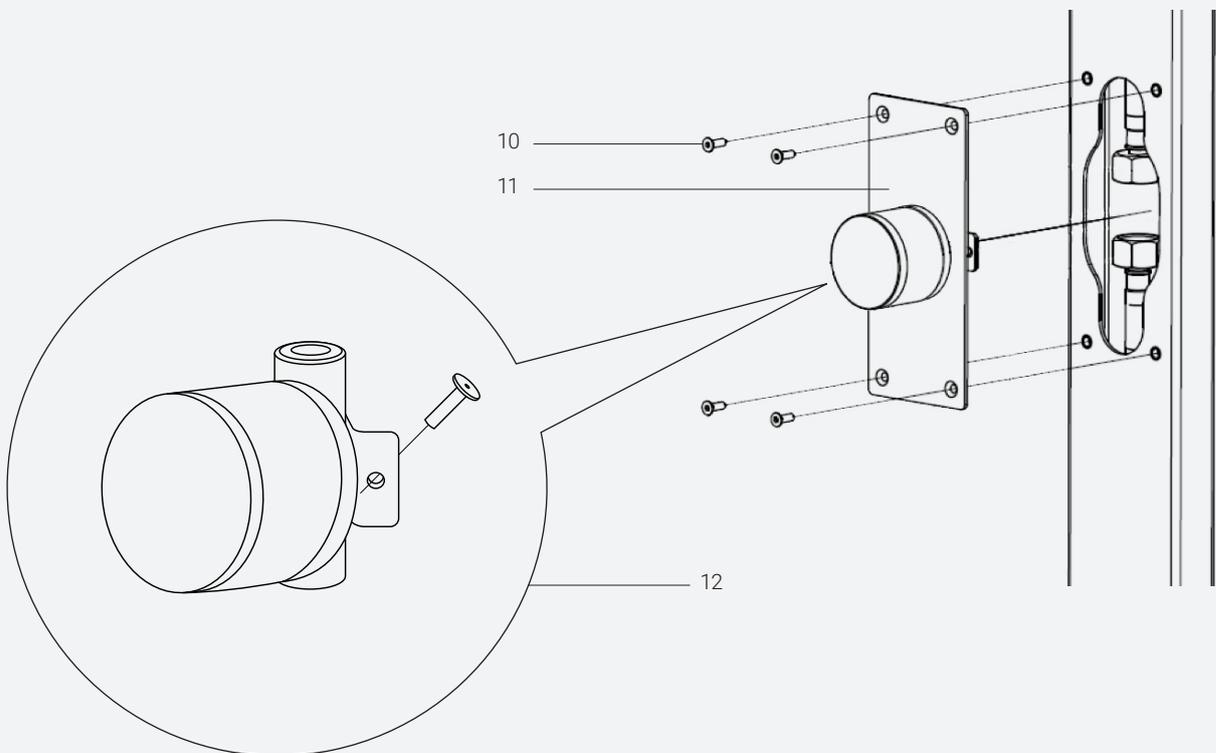

NO	DESCRIPTION
07	Top connection 90 ° 1/2" (inside)
08	Shower head
09	Screw M5x50 stainless steel Din 7991
10	Screw M4x12 stainless steel Din 7991
11	Shower-plate
12	Knobset shower

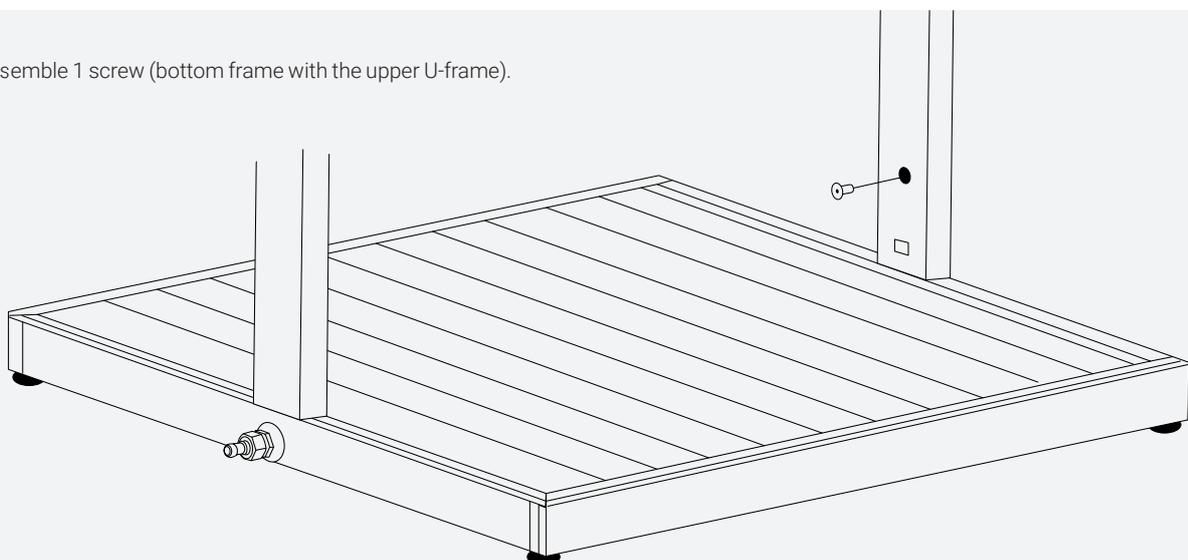

1. Lay the shower on its side. Use a support for easier assembly.

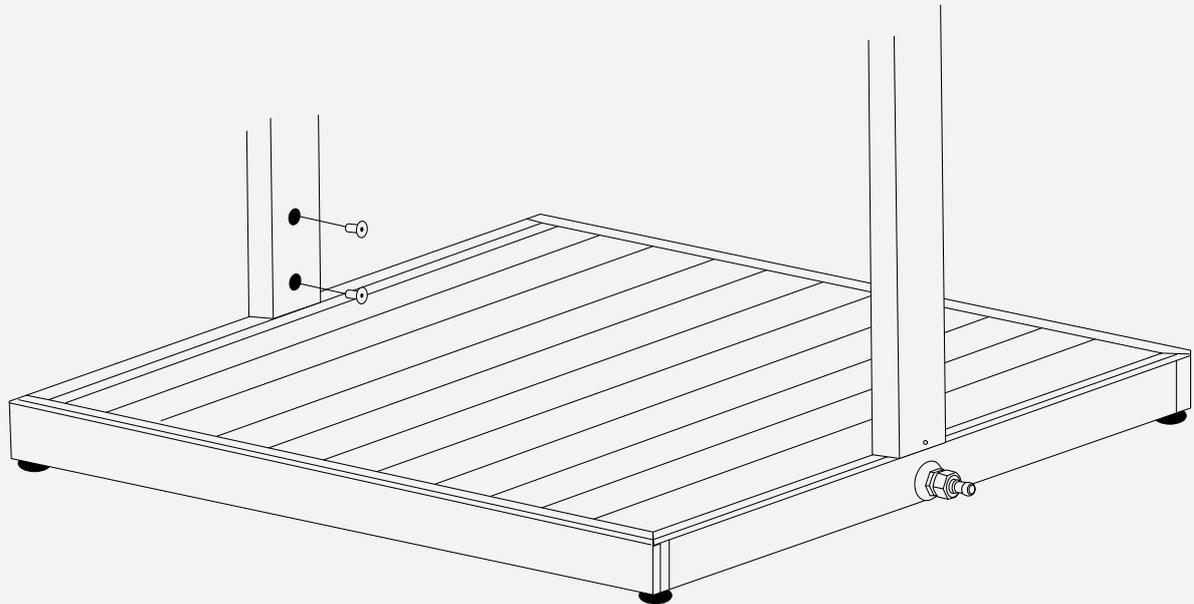

2. Connect the adapter in bottom frame (2) with the hose in upper U-frame (1).
Important! Add the rubber ring (3) to avoid leakage. If needed use sealing tape.

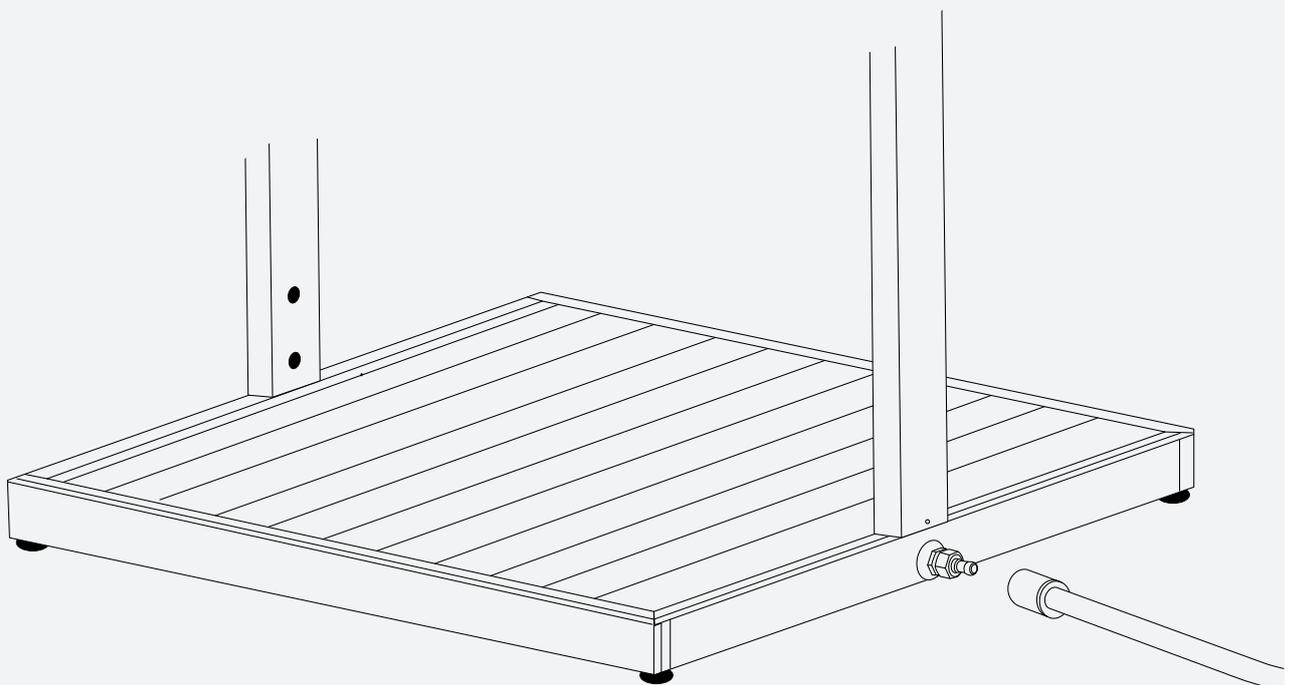

3. Assemble 1 screw (bottom frame with the upper U-frame).

4. Assemble the 2 remaining screws (bottom frame with the upper U-frame).

5. Connect the garden hose to the shower.

6. You can now start using your Garden Shower.

⚠ **If the customer wishes to be able to regulate the water temperature.**

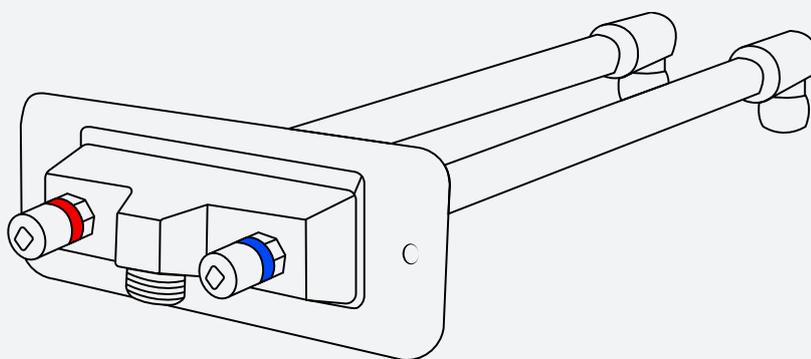

To get water at a given temperature, an outdoor tap (withstanding winter conditions) shall be installed in the proximity of the shower. The outdoor tap can be purchased at a suitable specialty store.

A garden hose can be connected to the outdoor tap and the garden shower. The **water flow** can be opened, adjusted or closed from the shower.

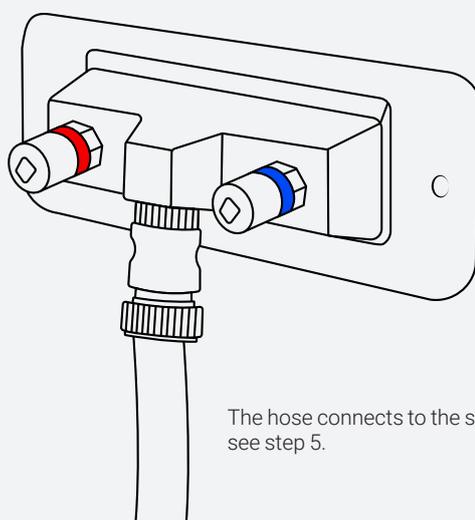

⚠ **Warning!**

Always follow the instructions attached to the outdoor tap.

Example of outdoor tap:

Example of outdoor tap with quick release adapter installed:

The hose connects to the shower, see step 5.
