Open Kitchen

The minimalist version of our flagship product - the Kitchen Island. Open Kitchen offers flexibility limited only by your creativity. Welcome to build the outdoor kitchen of your dreams.

The Open Kitchen. Fully flexible to suit your needs.

A modular system, built to create your perfect outdoor kitchen. By choosing modules and details and adding a base, you will get a kitchen perfectly tailored to your needs. You can even add some elegant accessories for an extra personal touch. Perhaps a windshield to maintain the barbecue heat, or an apron that enhances the overall impression when you welcome your guests for tonight's dinner?

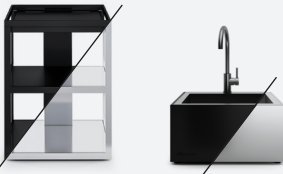

1. Choose modules

Design your kitchen by first deciding how you want to use it, and where you want to place the different working stations.

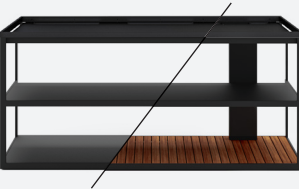

2. Choose colour

Choose one of our sophisticated alternatives: Brushed Stainless Steel or Anthracite.

3. Additional choice

Choose to add the optional teak bottom or keep the original colour (same as frame colour).

Create your perfect outdoor Open Kitchen.

Choose modules

Choose frame and bottom

Open Bistro Fixture

To attach your Open Bistro to your Open Kitchen, you need a fixture. Which one you need depends on what configuration you have.

Type A.
Art no: 200366

Type B.
Art no: 200367

Type C.
Art no: 200368

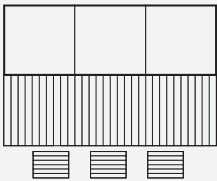

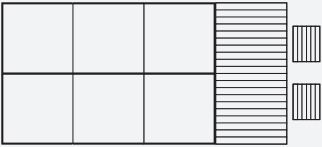

Type D.
Art no: 200369

Open Bistro Fixture connection.

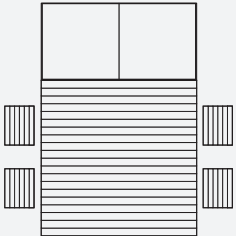

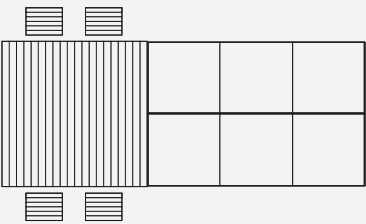

Open Bistro Fixture Type A

Art no: 200366
Type A is suitable for connection between Open Frame 100 / 150 and Open Bistro 100x50 / 150x50.

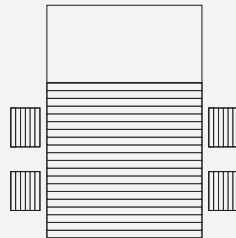

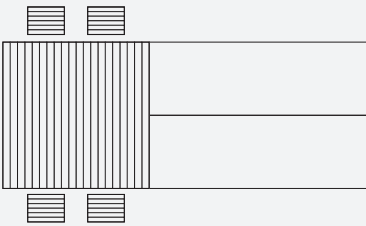

Open Bistro Fixture Type B

Art no: 200367
Type B is suitable for connection between Open Frame 100 and Open Bistro 100x100 / 150x100, and between Open Frame 50 / 100 / 150 and Open Bistro 100x100 / 150x100.

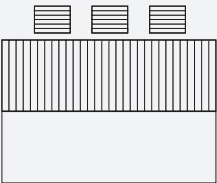

Open Bistro Fixture Type C

Art no: 200368
Type C is suitable for connection between Open Sideboard 100 and Open Bistro 100x100 / 150x100, and between Open Sideboard 50 / 100 / 150 and Open Bistro 100x100 / 150x100.

Open Bistro Fixture Type D

Art no: 200369
Type D is suitable for connection between Open Sideboard 100 / 150 and Open Bistro 150x50 / 100x50.

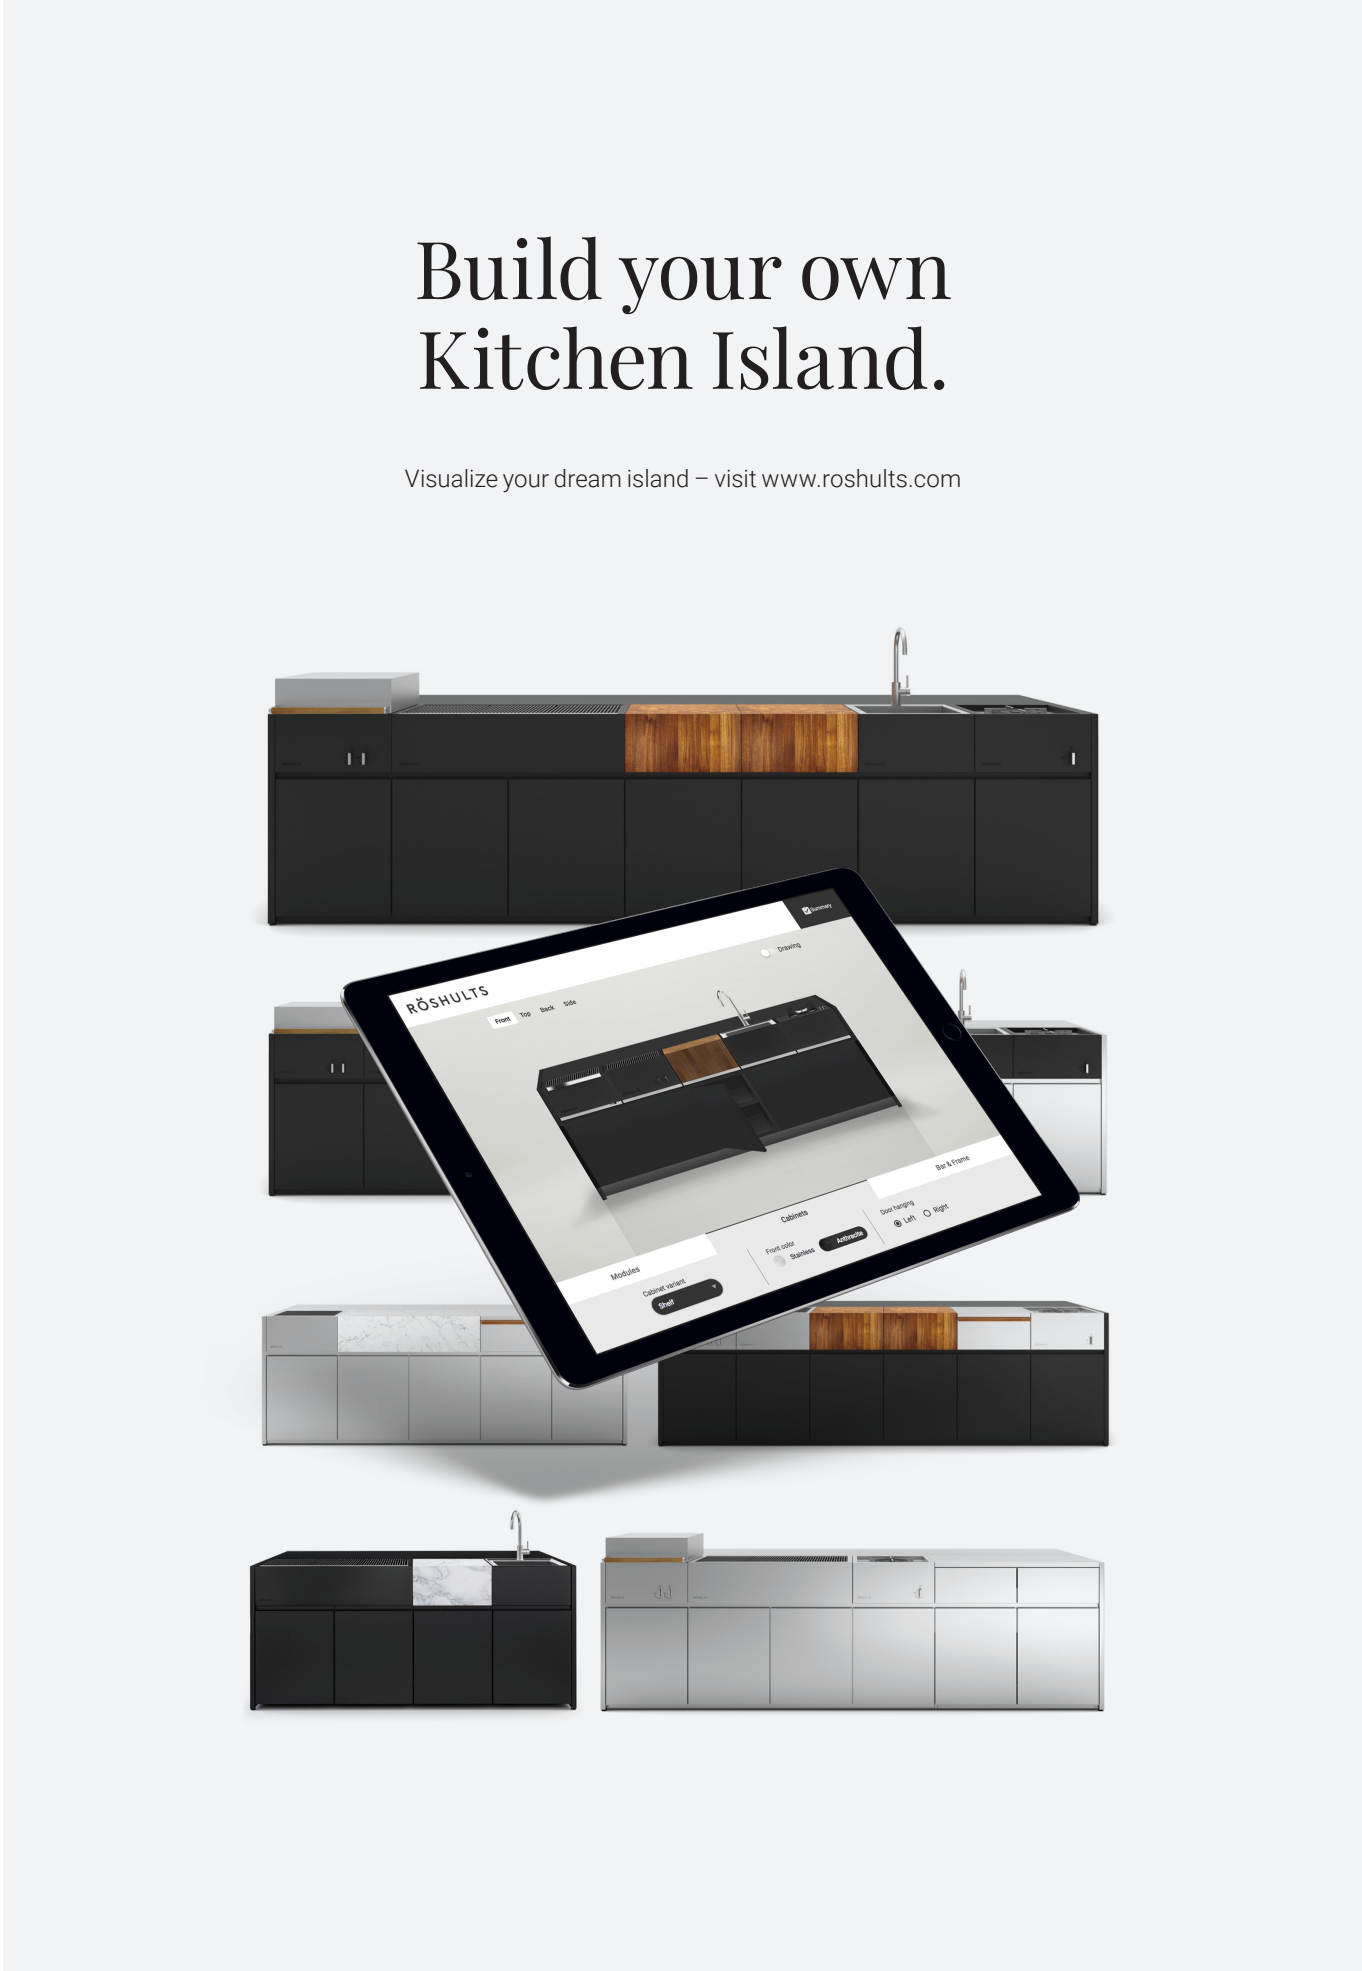

Kitchen Island

A tailored outdoor kitchen in perfect balance, made to meet and exceed your expectations. Design your very own Kitchen Island to suit your specific needs.

Build your own Kitchen Island.

Visualize your dream island – visit www.roshults.com

Create your modular outdoor kitchen.

Choose modules

Design cabinets

The Kitchen Island. Visualize your dream.

Combining style and functionality with innovation, we aspire to create an outdoor kitchen for beautiful moments. Tailor-made to meet and exceed your expectations. A practical outdoor kitchen with the timeless elegance of Röshults, perfectly suited to accommodate the discerning individual. Choose between gas or charcoal grill, or combine them. Add an extra grill for preserving the heat while cutting vegetables on the built-in cutting board. Add a sink, a fridge, a cooker hob or a drawer for extra comfort. Or add a bar where guests can have a drink while waiting for dinner – which of course is served at the kitchen island. Visualize your dream island – visit www.roshults.com

1. Choose modules

Design your kitchen by first deciding how you want to use it, and where you want to place the different working stations. Choose 1 - 8 modules.

2. Design the cabinets

To make your Kitchen Island perfectly tailored, choose your cabinet interior, 1 - 8 cabinets.

3. Customize the layout

Decide the total depth of the Kitchen Island by choosing the depth of the optional adjoining bar. Or keep it as it is without (w/o) the bar.

4. Choose colour

Design the final touch of your Kitchen Island by choosing the colour of the frame, doors and modules.

5. Choose accessories

The final choice that makes your outdoor kitchen experience complete. Luxurious covers, fry-tops, work plates, wok holders etc.

Open Fire

The majestic fire basket will brighten the dark nights of winter and extend the late summer evenings. It's a centrepiece around which everything can happen – and everyone can gather. Well, all our history begins with this fire basket – and everything we have made since, is derived from the flames.
